

MONITOR

Long-Lasting, Refillable Air Freshening System

MONITOR is a state of the art refillable air freshening system. It features easy to replace, uniform release cartridges lasting up to 45 days. With ten powerful yet pleasant fragrances to choose from, **MONITOR** is sure to please everyone.

MONITOR'S high-powered dispenser features a low drain fan motor that evenly circulates fragrance throughout a room. The dispenser is designed for easy replacement of cartridges without ladders or tools.

Aerosol deodorant systems are expensive, complicated, and difficult to maintain. They cause chemical fallout that results in sticky surfaces and extra cleaning expense. Gel products tend to be messy, ineffective and more labor intensive. **MONITOR** eliminates all these problems to provide the best deodorizing system available.

FEATURES

- Convenient and Easy to use
- Long lasting cartridge reduces cost and labor
- High powered fan motor circulates fragrances even in larger restrooms (100 cubic ft. per dispenser)
- Low drain motor extends battery life
- Long lasting uniform release cartridge deodorizes 24/7 for up to 45 days.
- Batteries included with each cartridge
